

UCC SERVICES

We handle UCC (Uniform Commercial Code) preparation, filing, continuation, modification and termination for any state within the U.S. With sophisticated technology and years of experience behind us to get you on the right track.

Richmond Monroe provides UCC processes quickly and accurately and will handle everything from Preparation to Termination and small issues such as, assignments and partial release of UCC's and everything in between.

FEATURES & BENEFITS

- Extensive Quality Assurance
- Quick Turnaround
- Flexible Delivery Options
- Bundled Service Options
- Secure Data Transfer
- Constant Update of County or State Requirements and Fees

UCC Preparation: Richmond Monroe will help perfect liens by preparing and filing a UCC Financing Statement showing the name and address of the debtor and the secured party along with a description of the collateral. These financing statements are effective for five years and may be continued for an additional five years. We will provide information on these filings, either by a listing or by copies and can be delivered electronically and uploaded via a secure FTP site.

UCC Filing: We will file UCC filings in the state where the debtor is located. Filings where the debtor is a registered entity such as a corporation are filed in the state where the entity is organized. Filings for a non-registered entity are filed in the state where the entity's chief executive office is located.

UCC Continuation/Extension: We will extend the maturity date of a filed financing statement which continues the effective period within the guidelines of that state.

UCC Amendment/Modification: We can also file an amendment or modification to the UCC filing. An amendment is filed to record and give public notice regarding changes to an existing filed financing statement. These filings may be used to record changes to collateral or the names/addresses of debtors or secured parties, or be used to correct errors in original financing statements.
